

PRICING OPTIONS

2021 Online and Onsite Fees (Subject to change)

Saintsburg reserves the right to amend their fees at any time without prior notice.

This pricelist does not constitute a legal offer.

Fees are fixed once the written agreement is signed by both guardian and Saintsburg.

As home schoolers' needs differ so much, Saintsburg offers online tutoring services with various options and at different price points.

All learners must be registered for Eduanywhere to receive tutoring of subjects through Saintsburg however this is subject to availability of subjects on EduAnywhere as it forms part of the way we give classes and homework.

Eduanywhere Junior is advised for Concrete learners but is not a formal requirement.

As we are a tutoring center and not a school, parents can choose individual subjects or select a package that includes all subjects in order to cater for each student's needs.

Option 1:

Join the Tuition only classes with double Mathematics (*included) and written feedback for English once per month (*included).
